University of Oregon employee fringe benefit costs encompass the following items for UO employees, all of which are required: (a) FICA, (b) retirement, (c) health insurance, (d) workmen’s compensation/SAIF, (e) unemployment insurance, (f) employee liability insurance, (g) life insurance, (h) graduate teaching fellows’ fringe benefits including health insurance and fees, and (i) leave as appropriate. For the purpose of estimating and budgeting proposal costs, fringe benefit rates are based on employee classification (E-Class) in accordance with the University’s federally-negotiated fringe benefit rate proposal submitted to the Department of Health and Human Services (DHHS). Please note that when leave is taken by an employee, it is charged directly to a central fund and not charged to the sponsored project.
Annual Cost Increases: Personnel Costs and Cost of Living Adjustment (COLA)

Personnel Costs - Salary and Wages: Estimated annual cost increases for salary and wages up to 2.4% are based on the three-year ratified Collective Bargaining Agreement (CBA) between the University of Oregon and United Academics, AAUP / AFT, AFL-CIO, July 1, 2015 through June 30, 2018 (Note: contract extension ratified expiring June 30, 2020). Note effective July, 1, 2017, minimum Post-doctoral salaries must be in accordance with the articles of the CBA.

Non-personnel Costs: Annual COLA increases of up to 2.4% for non-personnel-related cost is based on the U.S. Department of Labor, Bureau of Labor Statistics, Consumer Price Index, West Region. Please use this rate for annual budgeted cost increases on proposal budgets unless a different annual increase is outlined for that cost category, i.e., Personnel Costs, or GE rates (page 2).

Non-resident Graduate Students: $8,676 per term / $26,028 (3 terms)
(Out-of-state graduate trainees on training grants or fellowships)

Note #1: The amounts and average annual increases displayed above are for the purpose of reasonably estimating externally funded proposal costs and are based on historical data. The actual costs charged to a sponsored project during the award period are based on actual rates in effect at the time the expenditures are charged to the award.
**Note #2:** Tuition Support for Grant-Funded GEs: [https://gradschool.uoregon.edu/tuition-support-grant-funded](https://gradschool.uoregon.edu/tuition-support-grant-funded). Effective Fall 2014, the University will provide support to grants on which GEs are hired. In short, the labor index will be charged only three credits of tuition when the index is a grant and when the appointee is a research level III research fellow (GE). The balance of the tuition will be charged to a non-grant index in the hiring unit. Hiring units with GEs supported on grants should consult their dean’s office to determine the index that will be used. Contact Phil Davis in BAO Financial Services – pdavis@uoregon.edu with the index to be charged.

**Note #3:** Graduate Employee Identification and Rate Code: Information on Graduate Student tuition charges to training grants and fellowships can be found at: [https://gradschool.uoregon.edu/grad-fellow-code-policy](https://gradschool.uoregon.edu/grad-fellow-code-policy)

**Note #4:** The Tuition costs listed above are estimated based on the Office of the Registrar’s schedule for the classification of Graduate (Masters/Doctoral). **Off-Campus Definition:** An off-campus rate is applicable to those projects conducted in facilities not owned or operated by the University, which include charges for facility rental as a direct expenditure, and for which more than 50% of the project salaries and wages are for effort conducted in the rental facility.

**Off-campus F&A and Non-Standard F&A Rates:**

**Inclusion of Off-Campus Rate in Budget:** Projects proposing the use of an off-campus F&A rate in the budget must obtain prior approval from SPS. Please contact your SPS Pre-award SPA to determine whether the Request for F&A Exception and Off-Campus Determination Form is required.

If required by SPS, the Request for F&A Exception and Off-Campus Determination Form must be completed, signed, and submitted to your SPS SPA at least five business days prior to the proposal deadline.

**Inclusion of Non-Standard F&A Rate or F&A Return in Budget:** Unless the agency has a published policy on the F&A restriction, all projects proposing to use a non-standard F&A rate or requesting a F&A return exception in the budget must
obtain prior approval from SPS by completing the Request for F&A Exception and Off-Campus Determination Form and submitting it to your SPS Pre-award SPA. The form must be completed, signed, and returned to your SPS Pre-award SPA at least five business days prior to the proposal deadline.

The Request for F&A Exception and Off-Campus Determination FORM may not be required by SPS when acceptable documentation of the sponsor's requirement is submitted to SPS. Acceptable documentation of a sponsor's restriction on F&A can be in the form of the requirement as it is outlined in the sponsor's RFP or sponsor guidelines, or in an e-mail or letter format obtained from an authorized representative of the sponsor.

Form:  [http://orsa.uoregon.edu/web/forms/Form_20_FA_Exception_and_Off-Campus.PDF](http://orsa.uoregon.edu/web/forms/Form_20_FA_Exception_and_Off-Campus.PDF)

If an agency has a published policy including a restricted F&A rate lower than the University of Oregon’s current Federally-negotiated F&A rate, and the agency does not specify how the rate is to be applied, the agency's lower restricted F&A rate will be applied to Total Direct Costs (TDC).

F&A Rate Definitions:

Indirect cost rate definitions for the types Research, Instruction, and Other Sponsored Activities is found in 2 CFR Part 200, Appendix III: Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs). For questions about these definitions, please contact your SPS SPA.

UO's full negotiated F&A rate must be applied unless the agency has a published policy on the F&A restriction.

**COST SHARE**

University procedure is to provide cost share only when required by agency guidelines or delineated in specific program announcements.

Cost share commitments should be held to a minimum.

Cost-share is that portion of the total sponsored project cost paid by sources other than the sponsor.

Cost sharing has significant financial impact on the department providing the funds and on the University as a whole. Cost share increases the requirements for auditable recordkeeping, has an adverse effect on the University’s recovery of indirect (F&A) costs and reduces the flexibility of the PIs to conduct other research when their effort is pledged to specific projects.

**2 CFR 200.306**

(a) Under Federal research proposals, voluntary committed cost sharing is not expected. It cannot be used as a factor during the merit review of applications or proposals, but may be considered if it is both in accordance with Federal awarding agency regulations and specified in a notice of funding opportunity. Criteria for considering voluntary committed cost sharing and any other program policy factors that may be used to determine who may receive a Federal award must be explicitly described in the notice of funding opportunity.

(b) For all Federal awards, any shared costs or matching funds and all contributions, including cash and third party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

1) Are verifiable from the non-Federal entity's records;
2) Are not included as contributions for any other Federal award;
3) Are necessary and reasonable for accomplishment of project or program objectives;
4) Are allowable under Subpart E—Cost Principles of this part;
5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
6) Are provided for in the approved budget when required by the Federal awarding agency; and
7) Conform to other provisions of this part, as applicable.

See 2 CFR 200.306 sections (d) through (k) for additional Federal Regulations in this part or contact your SPS Sponsored Projects Administrator for clarifications and/or questions.

Third Party Letters of Commitment including cost share: Third Party entities should include a certification in a letter of commitment submitted to the UO certifying that cost-sharing provided is from non-Federal sources.

Inclusion of Voluntary Committed Cost Share: All projects proposing inclusion of Voluntary committed cost share (cost share not required by the sponsor, but quantified in the proposal) in the proposal must obtain prior approval from the VP Research Office by completing the Cost Share Request Form and submitting it to your SPS SPA. The form must be completed, signed, and returned to your SPS SPA at least five business days prior to the proposal deadline.

Form: http://orsa.uoregon.edu/web/forms/Form_19_COST_SHARE_Request.PDF

Inclusion of Mandatory Cost Share: All projects proposing inclusion of Mandatory (required by the sponsor) cost share quantified in the proposal must obtain prior approval from SPS by working with their SPS Pre-award SPA. Completing and submitting a Cost Share Request Form is not required for this purpose when cost sharing is determined to be Mandatory. Adequate documentation of a Mandatory cost share requirement is necessary and can be in the form of the requirement as outlined in the RFP or sponsor guidelines, or in an e-mail or letter format obtained from an authorized representative of the sponsor.
