

National Science Foundation (NSF)

FastLane System Registration

Sponsored Projects Services (SPS) will use the information provided below to register the individual in NSF's FastLane database. Once SPS has completed your registration in FastLane, you will receive an e-mail notification confirming you have been registered and an email from SPS containing your temporary password. **Please keep a copy of this automated email from FastLane for key information needed to login.** The first time you log-in, you will be prompted to set your own password (which must be at least six (6) characters and no more than 20 and include one letter and one numeral character). *See below for web addresses for how to use NSF FastLane.*

Return this form to: SPS at SponsoredProjects@uoregon.edu
